SolarWorld requests review of these entities because it believes that these producers and/or exporters sold subject merchandise at less than normal value in the United States during the period of review, and that any estimated cash deposits being collected on imports of subject merchandise from these manufacturers or exporters understate the degree of dumping that occurred during the period of review.
SolarWorld will serve a copy of this administrative review request by personal service or first class mail on each exporter or producer specified above (or their counsel). 4

Please contact the undersigned with any questions concerning the above or the attached.

Sincerely,

Timothy C. Brightbill, Esq.
