Dear Sir or Madam:

On January 28, 2014, the Department of Commerce (“Department”) initiated an administrative review of the antidumping duty order on crystalline silicon photovoltaic cells, whether or not assembled into modules (“certain solar cells and panels”) from the People’s Republic of China (“PRC”). In advance of the issuance of the antidumping questionnaire, the Department asks that you respond to the questions in Attachment I to this letter, requesting information on the quantity and U.S. dollar sales value of all exports to the United States during the period May 25, 2012, through November 30, 2013, of merchandise covered by the scope of the order that was produced in the PRC. The scope of the order is included in Attachment II to this letter, and general instructions for responding to this letter are contained in Attachment III to this letter. Also, an electronic copy of this letter and attachments may be found on the internet at the following address: http://trade.gov/enforcement/news.asp. Please be advised that receipt of this letter does not indicate that you will be chosen as a mandatory respondent because the Department may find it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Tariff Act of 1930, as amended (the “Act”). Also, please be advised that receipt of this letter does not guarantee separate rate status. Your response to this letter may be subject to on-site verification by Department officials.

Your response to this request for information is due to the Department no later than February 19, 2014. Please note that, due to time constraints in this administrative review, the Department does not intend to extend the deadline for responding to the attached Quantity and Value Questionnaire. All responses to the attached Quantity and Value Questionnaire must be made electronically using the Department’s IA ACCESS website at http://iaaccess.trade.gov (see the instructions in Attachment III). In addition, all submissions to the Department must be accompanied by a Certificate of Accuracy from company officials and, if represented by legal counsel or other firm, a Certificate of Accuracy from the representative. Furthermore, all submissions to the Department must be served on the appropriate interested parties. A list of interested parties may be found at http://enforcement.trade.gov/apo/apo-svc-lists.html under

“People’s Republic of China” and then under the appropriate case name. Certificates of service and accuracy are in Attachment IV. General instructions for responding to this Quantity and Value Questionnaire are contained in Attachment III. Please use the check list in Attachment V to make certain that you have fully complied with all filing requirements.

Companies that had no exports, sales, or entries of subject merchandise during the period May 25, 2012 through November 30, 2013 to which the Department issued the Q&V Questionnaire should properly file a timely Q&V Questionnaire response that indicates that the company had no exports, sales, or entries of subject merchandise during that period.

In the unlikely event that you receive this Quantity and Value Questionnaire after the deadline to respond, you MUST contact the Department official identified in the questionnaire within five days of receipt of the questionnaire to receive further instructions and a revised deadline for submission of the required information. Failure to do so may result in the presumption that you failed to cooperate by not acting to the best of your ability to comply with the request for information, and may result in the use of an inference that is adverse to your interests in selecting from the facts otherwise available, in accordance with section 776(b) of the Act. Moreover, if you fail to respond to the Quantity and Value Questionnaire or fail to provide the requested quantity and value information, please be aware that the Department may find that you failed to cooperate by not acting to the best of your ability to comply with the request for information, and may use an inference that is adverse to your interests in selecting from the facts otherwise available, in accordance with section 776(b) of the Act.

In general, the Department has found that determinations concerning whether particular companies should be “collapsed” (i.e., treated as a single entity for purposes of calculating antidumping duty rates) require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, the Department will not conduct collapsing analyses at the respondent selection phase of this review and will not collapse companies at the respondent selection phase unless there has been a determination to collapse certain companies in a previous segment of this antidumping proceeding (i.e., investigation, administrative review, new shipper review or changed circumstances review). For any company subject to this review, if the Department determined, or continued to treat, that company as collapsed with others, the Department will assume that such companies continue to operate in the same manner and will collapse them for respondent selection purposes. Otherwise, the Department will not collapse companies for purposes of respondent selection.
Therefore, for purposes of respondent selection, in general, each company must report volume and value data separately for itself. Parties should not include data for any other party, even if they believe they should be treated as a single entity with that other party. Data pertaining to other, possibly affiliated, companies should be reported separately by those companies. However, if a company was collapsed with another company or companies in the most recently completed segment of this proceeding where the Department considered collapsing that entity, complete quantity and value data for that collapsed entity must be submitted. Parties are requested to (a) identify which companies subject to review previously were collapsed, and (b) provide a citation to the proceeding in which they were collapsed.

To assist you in filing your response to this Q&V Questionnaire, we have provided a checklist in Attachment V which covers many of the major filing requirements (also see the General Instructions in Attachment III). The checklist should be submitted with your response to the Q&V Questionnaire. Confirm that you have complied with the applicable items in the checklist by checking the appropriate item.

Should you have any questions about this letter, please contact Patrick O’Connor at (202) 482-0989 or Howard Smith at (202) 482-5193.

Sincerely,

CASE:  CRystalline silicon photovoltaic cells, whether or not assembled into modules, from the People’s Republic of China

DATE OF INITIATION:  JANUARY 28, 2014

DUE DATE FOR Q&V RESPONSE:  February 19, 2014

OFFICIALS IN CHARGE:  Patrick O’Connor  Howard Smith
202-482-0989 or 202-482-5193
Patrick.O’Connor@trade.gov Howard.Smith@trade.gov
On January 28, 2014, the Department of Commerce (“Department”) initiated an administrative review of the antidumping duty order on crystalline silicon photovoltaic cells, whether or not assembled into modules, (“certain solar cells and panels”) from the People’s Republic of China (“PRC”) covering the period May 25, 2012 – November 30, 2013.2

Section 777A(c)(1) of the Tariff Act of 1930, as amended (“Act”), directs the Department to calculate individual dumping margins for each known exporter and producer of the subject merchandise. Where it is not practicable to examine all known producers/exporters of subject merchandise, as is the case in this administrative review, section 777A(c)(2) of the Act permits the Department to examine either (1) a sample of exporters, producers or types of products that is statistically valid based on the information available at the time of selection; or (2) exporters and producers accounting for the largest volume of the subject merchandise from the exporting country that can be reasonably examined.

In advance of the issuance of the full antidumping questionnaire, we ask that you respond to Attachment I of this Quantity and Value Questionnaire requesting the quantity and U.S. dollar sales value of all exports to the United States during the period May 25, 2012 – November 30, 2013, of merchandise covered by the scope of the order (see Attachment II) that was produced in the PRC. A full and accurate response to the Quantity and Value Questionnaire from all participating respondents is necessary to ensure that the Department has the requisite information to appropriately select mandatory respondents.

The Department is also requiring all firms that wish to qualify for separate-rate status to complete a Separate Rate Application or Separate Rate Certification as described in the Notice of Initiation. Firms to which the Department issues a Q&V Questionnaire must submit a timely and complete response to the Q&V Questionnaire, in addition to a timely and complete Separate Rate Application or Separate Rate Certification in order to receive consideration for separate-rate status. In other words, the Department will not give consideration to any timely Separate Rate Certification or Separate Rate Application made by parties to whom the Department issued a Q&V Questionnaire but who failed to respond in a timely manner to the Q&V Questionnaire. The Separate Rate Application and Separate Rate Certification, as well as the due dates by which the Department must receive the application or certification can be found on the Department’s website at http://enforcement.trade.gov/nme/nme-sep-rate.html. The dates by which the Department must receive your Separate Rate Application or Separate Rate Certification are also identified in the Notice of Initiation.

A definition of the scope of the merchandise subject to this administrative review is included in Attachment II, and general instructions for responding to this Quantity and Value Questionnaire are contained in Attachment III. Please use the check list in Attachment V to make certain that you have fully complied with all filing requirements. Your response to this questionnaire may be subject to on-site verification by Department officials.

FORMAT FOR REPORTING QUANTITY AND VALUE INFORMATION

In providing the information in the table below, please provide each of the quantity figures requested in the units of measure identified in the table and the total value (in U.S. dollars) of all of your sales of the merchandise covered by the scope of this administrative review (see Attachment II) produced in the People’s Republic of China and exported/shipped to, or entered into, the United States during the period May 25, 2012 through November 30, 2013.

Please include only information for subject merchandise exported by your company directly to the United States. However, if your company made sales to third-countries for which you have knowledge that the merchandise was ultimately destined for the United States, please separately report the requested information for these sales and the location (i.e., countries) to which you made the sales. Please do not include any shipments of subject merchandise manufactured in Hong Kong in your figures.

A company responding to this Q & V Questionnaire which the Department has not determined to collapse with other companies, or not treated as collapsed with other companies, in the most recently completed segment of the proceeding should only report Q&V data for itself. Such a company should not include data for any other party, even if the company believes it should be treated as a single entity with other parties. If the Department has determined to collapse your company with other companies in the most recently completed segment of this proceeding, or has continued to treat your company as collapsed with others in the most recently completed segment of this proceeding, please report the requested information for the collapsed entity. Parties are requested to (a) identify which companies subject to review previously were collapsed, and (b) provide a citation to the proceeding in which they were collapsed.

3. To the extent possible, sales values should be reported based on the same terms (e.g., FOB).
4. Values should be expressed in U.S. dollars. Indicate any exchange rates used and their respective dates and sources.
5. Generally, a U.S. sale is classified as an export price sale when the first sale to an unaffiliated person occurs before the goods are imported into the United States.
6. Generally, a U.S. sale is classified as a constructed export price sale when the first sale to an unaffiliated person occurs after importation. However, if the first sale to the unaffiliated person is made by a person in the United States affiliated with the foreign exporter, constructed export price applies even if the sale occurs prior to importation. Do not report the sale to the affiliated party in the United States, rather report the sale made by the affiliated party to the unaffiliated customer in the United States. If you have sales of further manufactured merchandise, please report them under Item 3, rather than under Item 2.
7. “Further manufactured” refers to merchandise that undergoes further manufacture or assembly in the United States before sale to the first unaffiliated customer.
ATTACHMENT II

Scope of the Order

The merchandise covered by this order is crystalline silicon photovoltaic cells, and modules, laminates, and panels, consisting of crystalline silicon photovoltaic cells, whether or not partially or fully assembled into other products, including, but not limited to, modules, laminates, panels and building integrated materials.

This order covers crystalline silicon photovoltaic cells of thickness equal to or greater than 20 micrometers, having a p/n junction formed by any means, whether or not the cell has undergone other processing, including, but not limited to, cleaning, etching, coating, and/or addition of materials (including, but not limited to, metallization and conductor patterns) to collect and forward the electricity that is generated by the cell.

Merchandise under consideration may be described at the time of importation as parts for final finished products that are assembled after importation, including, but not limited to, modules, laminates, panels, building-integrated modules, building-integrated panels, or other finished goods kits. Such parts that otherwise meet the definition of merchandise under consideration are included in the scope of this order.

Excluded from the scope of this order are thin film photovoltaic products produced from amorphous silicon (a-Si), cadmium telluride (CdTe), or copper indium gallium selenide (CIGS).

Also excluded from the scope of this order are crystalline silicon photovoltaic cells, not exceeding 10,000 mm² in surface area, that are permanently integrated into a consumer good whose function is other than power generation and that consumes the electricity generated by the integrated crystalline silicon photovoltaic cell. Where more than one cell is permanently integrated into a consumer good, the surface area for purposes of this exclusion shall be the total combined surface area of all cells that are integrated into the consumer good.

Modules, laminates, and panels produced in a third-country from cells produced in the PRC are covered by this order; however, modules, laminates, and panels produced in the PRC from cells produced in a third-country are not covered by this order.

Merchandise covered by this order is currently classified in the Harmonized Tariff System of the United States (“HTSUS”) under subheadings 8501.61.0000, 8507.20.80, 8541.40.6020, 8541.40.6030, and 8501.31.8000. These HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope of this order is dispositive.

---

8 U.S. Customs and Border Protection (CBP) provided notification that HTSUS number 8501.31.8000 should be added to the scope of the order, as certain articles under this number might fall within the scope. See the May 16, 2012 Memorandum to The File, “ACE Case Reference File Update.”

GENERAL INSTRUCTIONS

Instructions for Filing the Response

The following instructions apply to all documents you submit to the Department during the course of this proceeding.

A. Due Date

1. All submissions must be made electronically using the Department’s IA ACCESS website at http://iaaccess.trade.gov. If an exception to the electronic filing requirement applies, you must address and manually submit your response to the address indicated on the cover page of this questionnaire. To determine if your response qualifies for manual filing, see the section on “Manual Filing” below. All laws, regulations, and other descriptive materials that supplement your responses should be submitted on the same date as the initial response.

2. The business proprietary response should be submitted on the day specified on the cover page of this questionnaire. The public version of the response may be filed one business day after the proprietary response.

3. An electronically filed document must be received successfully in its entirety by IA ACCESS by 5 p.m. Eastern Time (ET) on the due date, unless an earlier time is specified. Where applicable, a submitter must manually file a document between the hours of 8:30 a.m. and 5 p.m. ET on the due date, unless an earlier time is specified.

B. Format

1. You are required to state in the upper right-hand corner of your cover letter the following information in the following format:

   a. on the first line, indicate the case number stated on the cover page to this questionnaire;

   b. on the second line, indicate the total number of pages in the document including cover pages, appendices, and any unnumbered pages;

   c. on the third line, indicate the specific segment of the proceeding, (e.g., investigation, administrative review, scope inquiry, suspension agreement, etc.) and, if applicable, indicate the complete period covered (MM/DD/YY - MM/DD/YY);

   d. on the fourth line, indicate the Department office conducting the proceeding;

   e. on the fifth and subsequent lines, indicate whether any portion of the document contains business proprietary information and, if so, list the page numbers containing business proprietary information; and indicate the business
proprietary/public status of the document and whether you agree or object to release of the submitted information under administrative protective order (APO) by stating one of the following:

- “Business Proprietary Document -- May Be Released Under APO,”
- “Business Proprietary Document -- May Not Be Released Under APO,”
- “Business Proprietary/APO Version-- May Be Released Under APO,” as applicable,
- “Public Version,” or
- “Public Document.”

2. Please include a “Re:” line on the cover letter of your response, or any other submissions you make during this proceeding. In the Re: line, briefly summarize the purpose of your submission, e.g., “response to Quantity & Value questionnaire,” “case brief.”

3. Prepare your response in typed form and in English (see 351.303(d) and (e) for these and other formatting requirements). Include an original and translated version of all pertinent portions of non-English language documents that accompany your response, including financial statements.

4. It is your responsibility to contact the official in charge if subsequent to your filing there are events that affect your response (e.g., changes in your cost accounting system are relevant to antidumping proceedings, and changes as a result of an audit are relevant to both antidumping and CVD proceedings).

C. Manual Filing

1. All submissions must be filed electronically. Only under the following four circumstances will the Department accept a hardcopy response that is manually filed:

   - Documents exceeding 500 pages in length may be filed manually (in paper form) in the APO/Dockets Unit. This is referred to as a “bulky document.”
   - Data files greater than 20 MB must be filed manually on CD-ROM or DVD.
   - If the IA ACCESS system is unable to accept filings continuously or intermittently over the course of any period of time greater than one hour between 12:00 p.m. and 4:30 p.m. ET or for any duration of time between 4:31 p.m. and 5:00 p.m. ET, then a person may manually file the document in the APO/Dockets Unit. The Department will provide notice of such technical failures on the IA ACCESS Help Desk line at 202-482-3150 and on the Enforcement and Compliance website, which is http://www.trade.gov/enforcement.
• Apart from the above, if you are unable to comply with the electronic filing requirement, as provided in 19 CFR 351.103(c), and in accordance with section 782(c) of the Tariff Act of 1930, as amended (the Act), you must promptly notify the official in charge and submit a full written explanation of the reasons you are unable to file the document electronically. You must also suggest alternative forms in which to submit the information. The Department will consider the ability of a submitter and may modify the electronic filing requirement on a case-by-case basis.

2. All manually filed documents must be accompanied by a cover sheet generated in IA ACCESS. For manually filed bulky documents, separator sheets must also be generated and used.

3. If your response qualifies as a bulky document and you opt to file it manually, you must file two identical paper copies of the document. For all other authorized manual submissions, only one paper copy is required.

4. Manual submissions must be addressed and submitted to:
   Secretary of Commerce
   Attention: Enforcement and Compliance, AD/CVD Operations Office IV
   APO/Dockets Unit, Room 1870
   U.S. Department of Commerce
   Fourteenth Street and Constitution Avenue, N.W.
   Washington, D.C. 20230

D. Certification

1. Submit the required certification of accuracy. Providers of information and the person(s) submitting it, if different (e.g., a legal representative), must certify that they have read the submission and that the information submitted is accurate and complete. The Department cannot accept questionnaire responses that do not contain the certification statements. Forms for such certification are included as an attachment to this questionnaire. You may photocopy this form and submit a completed copy with each of your submissions.

2. Provide the required certificate of service (included as an attachment) with each business proprietary document and public version submitted to the Department.

3. Signed certifications of accuracy and certificates of service should be scanned and appended to the appropriate electronic documents filed in IA ACCESS.

E. Business Proprietary Information and Summarization of Business Proprietary Information

1. Request business proprietary treatment for information submitted that you do not wish to be made publicly available. As a general rule, the Department places all correspondence and submissions received in the course of an antidumping or
countervailing duty proceeding in a public reading file. However, information deemed to be proprietary information will not be made available to the public. If you wish to make a request for proprietary treatment for particular information, refer to sections 351.304, 351.305, and 351.306 of the Department’s regulations. You must submit the request for proprietary treatment at the same time as the claimed business proprietary information is submitted to the Department.

2. Utilize the “one-day lag rule” under 19 CFR 351.303(c)(2) if you wish an additional day to review the final bracketing of business proprietary information in a document and to prepare the required public version. The filing requirements under the one-day lag rule provide for a party to file only the business proprietary document within the applicable time limit (19 CFR 351.303(c)(2)(i)). By the close of business one business day after the date the business proprietary document is filed, the person must file the complete final business proprietary document (19 CFR 351.303(c)(2)(i)(ii)). The final business proprietary document must be identical to the original document except for any bracketing corrections.

3. By the close of business one business day after the date the business proprietary document is filed (refer to the “one-day lag rule” in the preceding paragraph), submit the public version of your response (19 CFR 351.303(c)(2)(i)(iii)). A public version must contain:

   a. a non-proprietary (public) version of your response that is in sufficient detail to permit a reasonable understanding of the information submitted in confidence, and/or

   b. an itemization of particular information that you believe you are unable to summarize. State the reasons why you cannot summarize each piece of information.

   Note: The summarization requirement does not apply solely to the narrative portion of your response. It applies equally to worksheets and other appendices to your response, and even to sales and cost databases submitted in antidumping proceedings. Generally, numerical data, such as that provided in sales and cost databases in antidumping proceedings, are adequately summarized only if grouped or presented in terms of indices or figures ranged within 10 percent of the actual figure. If a particular portion of data is voluminous, use ranged figures for at least one percent of the voluminous portion.

   Responses, or portions thereof, that are not adequately summarized may be rejected from the record of this proceeding.

4. Submit the statements required regarding limited release of business proprietary information under the provisions of an APO. U.S. law permits limited disclosure to representatives of parties (e.g., legal counsel) of certain business proprietary
information, including electronic business proprietary information, under an APO. (Note that data received under an APO cannot be shared with others who are not covered by the APO.) Under the provisions governing APO disclosure, you must submit either:

a. a statement agreeing to permit the release under APO of information submitted by you in confidence during the course of the proceeding, or

b. a statement itemizing those portions of the information which you believe should not be released under APO, together with arguments supporting your objections to that release.

We are required by our regulations to reject, at the time of filing, submissions of business proprietary information that do not contain one of these statements. As discussed above, you must state in the upper right-hand corner of the cover letter accompanying your questionnaire response whether you agree or object to release of the submitted information under APO (e.g., May Be Released Under APO or May Not Be Released Under APO). (See section 351.304 of the Department’s regulations for specific instructions.)

5. Place brackets (“[ ]”) around information for which you request business proprietary treatment. Place double brackets (“[[ ]]”) around information for which you request proprietary treatment and which you do not agree to release under APO.

6. Provide to all parties whose representatives have been granted APO access and who are listed on the Department’s most recent APO Service List, a complete copy of the submission--proprietary document and public version, except for that information which you do not agree to release under APO. (APO service lists, as well as public service lists, are maintained at http://enforcement.trade.gov/apo/apo-svc-lists.html under the “People’s Republic of China” and then under the appropriate case name. If you exclude information because you do not agree to release it under APO, you must submit the complete business proprietary version, wherein information in double brackets has been excluded. This version of the response must be marked “Business Proprietary/APO Version-- May Be Released Under APO” on the cover page. For parties that do not have access to information under APO, please provide a public version only.

Note: A chart summarizing AD/CVD document filing requirements can be found at http://enforcement.trade.gov/filing/index.html. Detailed and supplemental information concerning APOs, including the APO Handbook, a complete set of APO regulations, 9

---

9 If you do not agree to release under APO all or part of the proprietary information, but we determine that the information should be released, you will have the opportunity to withdraw the information (see 19 CFR 351.304(d)). However, any information which you withdraw will be taken out of the official record and will not be used in our determination.
and APO application forms and service lists, can be found at http://enforcement.trade.gov/apo/index.html.

If you wish to treat any of the information contained in your Q&V Questionnaire response as proprietary information that you do not wish to be made publicly available, you must comply with items A and B below:

A. You submitted a proprietary version of the document which meets requirements 1 through 7 below:

   1. _____ The upper-right hand corner of the cover letter of your Q&V Questionnaire response contains the following information:

      Case No. A-570-979
      Total Number of Pages: x
      AR: 5/25/2012-11/30/2013
      Office IV

   2. _____ In addition to the above markings, you **must** include one of the following statements on the “Business Proprietary Document” line that you include in the upper-right hand corner of the cover letter of your questionnaire response: (1) **May Be Released Under APO** or (2) **May Not be Released Under APO**. APO stands for Administrative Protective Order. Administrative Protective Orders permit limited disclosure of proprietary information to representatives of parties (e.g., legal counsel to parties) who have been granted APO access. **You should note**
that most business proprietary information is usually released by the submitters of the information under APO. However, if you object to the release under APO of certain information contained in your Q&V Questionnaire response, you must list the information which you believe should not be released under APO, together with arguments supporting your objections to release under APO.

3. ____ You have included the statement “Business Proprietary Treatment Requested” on the top of each page containing business proprietary information.

4. ____ You have placed brackets ( “[ ]” ) around the information that you consider proprietary which you do not wish to be made publicly available but which may be released under APO.

5. ____ If you object to releasing certain proprietary information under APO, place double brackets ( “[ [ ]]” ) around such information and create a separate APO version of the business proprietary document. The upper-right hand corner of the cover letter of the APO version of your Q&V Questionnaire response should contain the following information:

   Case No. A-570-979
   Total Number of Pages: x
   AR: 5/25/2012-11/30/2013
   Office IV
   Business Proprietary/APO Version - May be Released Under APO
   Business Proprietary Information deleted from pages xx

6. ____ Information in double brackets should be removed from the APO version of your Q&V Questionnaire response. Do not remove information in double brackets from the proprietary version of the Q&V Questionnaire response filed with the Department.

7. ____ Your Certificate of Service lists each company on the APO Service list at http://enforcement.trade.gov/apo/apo-svc-lists.html. If you created an APO version of your Q&V Questionnaire response, provide the parties on the APO Service list with a copy of the APO version of your Q&V Questionnaire response. If you did not create an APO version of your Q&V Questionnaire response, provide the parties on the APO Service list with a copy of the proprietary version of your Q&V Questionnaire response. Do not provide parties on the Public Service list with a copy of either the proprietary version
or APO version of your Q&V Questionnaire response.

B. You have created a public version of the proprietary document which meets requirements 1 through 3 below:

   Total Number of Pages: x  
   AR: 5/25/2012-11/30/2013  
   Office IV  
   **Public Version**

2. _____ In the public version of the Q&V Questionnaire response, you have summarized all of the numeric data in the proprietary version of the Q&V Questionnaire response that you placed in brackets (“[ ]”). An acceptable method of summarizing the proprietary numbers in the public version is to report numbers in the public version that differ from the numbers reported in the proprietary version by no more than 10 percent. For example if you reported [200] in the proprietary version, you may summarize this figure in the public version of that document by reporting a number between [220] and [180].
