requirements and program goals, it is critical to recruit and retain individuals with public safety sector knowledge and experience in order to provide technical advice on preparedness and response activities associated with natural and/or man-made disasters and the organizational and infrastructure challenges faced responding to and recovering from emergency incidents.

DoC’s CAPS allows for modifications of procedures if no new waiver from law or regulation is added. Given that this expansion and modification is in accordance with existing law and regulation and CAPS is a permanent alternative personnel system, the DoC is authorized to make the changes described in this notice.

B. Participating Employees

Employee notification of this expansion will be accomplished by providing a full set of briefings to employees and managers and providing them electronic access to all CAPS policies and procedures, including the seven previous Federal Register Notices. Employees will also be provided a copy of this Federal Register notice upon approval. Subsequent supervisor training and informational briefings for all employees will be accomplished prior to the implementation date of the expansion.

III. Changes to the Project Plan

The CAPS at DoC, published in the Federal Register on December 24, 1997 (62 FR 67434), is amended as follows:

1. The following organization will be added to the project plan, Section II D—Participating Organizations:

   National Telecommunications and Information Administration (NTIA), First Responder Network Authority (FirstNet)

2. The following series are added to Table 2:

   Administrative (ZA) Career Path 0306, Government Information Series 1109, Grants Management Series 0905, General Attorney Series (Authorized use by FirstNet only)
   Scientific and Engineering (ZP) Career Path 0089, Emergency Management Series

3. Section III Personnel System Changes, (B) Staffing: Add a new subsection titled: “Direct-Hire Authority: Critical Shortage Occupations” and the information under this subsection is as follows: DoC FirstNet uses direct-hire procedures for categories of occupations that require skills that are in short supply. The following occupations constitute a shortage category, at the Pay Band IV and above in the ZP Career Path: Electronics Engineers, Electrical Engineers, Computer Engineers, Computer Scientists, and Emergency Management Specialists (Public Safety). Any positions in these categories may be filled by FirstNet through direct-hire procedures in accordance with 5 U.S.C. 3304(a)(3). DoC FirstNet advertises the availability of job opportunities in direct-hire occupations by posting on the OPM USAJOBS Web site. DoC FirstNet will follow internal direct-hire procedures for accepting applications.

4. A new subsection titled: “Referral Procedures for Direct-Hire” is added and the information under this subsection is as follows: After public notice is given, a qualified candidate may be referred without regard to 5 U.S.C. 3309—3318, 5 CFR part 211, or 5 CFR part 337, subpart A.

5. Section VII Project Management: The Commerce Alternative Personnel System Board will expand to include additional board members representing the major operating units included in CAPS.

DEPARTMENT OF COMMERCE

International Trade Administration

Antidumping or Countervailing Duty Order, Finding, or Suspected Investigation; Opportunity To Request Administrative Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUPPLEMENTARY INFORMATION:

Background

Each year during the anniversary month of the publication of an antidumping or countervailing duty order, finding, or suspected investigation, an interested party, as defined in section 771(9) of the Tariff Act of 1930, as amended (“the Act”), may request, in accordance with 19 CFR 351.213, that the Department of Commerce (“the Department”) conduct an administrative review of that antidumping or countervailing duty order, finding, or suspended investigation.

All deadlines for the submission of comments or actions by the Department discussed below refer to the number of calendar days from the applicable starting date.

Respondent Selection

In the event the Department limits the number of respondents for individual examination for administrative reviews initiated pursuant to requests made for the orders identified below, the Department intends to select respondents based on U.S. Customs and Border Protection (“CBP”) data for U.S. imports during the period of review. We intend to release the CBP data under Administrative Protective Order (“APO”) to all parties having an APO within five days of publication of the initiation notice and to make our decision regarding respondent selection within 21 days of publication of the initiation Federal Register notice. Therefore, we encourage all parties interested in commenting on respondent selection to submit their APO applications on the date of publication of the initiation notice, or as soon thereafter as possible. The Department invites comments regarding the CBP data and respondent selection within five days of placement of the CBP data on the record of the review.

If the Department limits the number of respondents selected for individual examination in the administrative review of the antidumping duty order on Wooden Bedroom Furniture from the People’s Republic of China (A–570–890), it intends to select respondents based on volume data contained in responses to quantity and value questionnaires. Further, due to the unique circumstances present in administering this order, for the purposes of this segment of the proceeding, i.e., the 2013 review period, the Department has decided to require that all parties filing separate rate applications or certifications respond to the Q&V questionnaire and certain additional questions. The Q&V questionnaire, the additional questions, and the Separate Rate Application and Separate Rate Certification will be included in a document package that will be available on the Department’s Web site. Responses to the additional questions and to the Separate Rate Application and Separate Rate Certification are due unless otherwise noted by the Department.

In the event the Department decides it is necessary to limit individual examination of respondents and
conduct respondent selection under section 777A(c)(2) of the Act:

In general, the Department finds that determinations concerning whether particular companies should be "collapsed" (i.e., treated as a single entity for purposes of calculating antidumping duty rates) require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, the Department will not conduct collapsing analyses at the respondent selection phase of this review and will not collapse companies at the respondent selection phase unless there has been a determination to collapse certain companies in a previous segment of this antidumping proceeding (i.e., investigation, administrative review, new shipper review or changed circumstances review). For any company subject to this review, if the Department determined, or continued to treat, that company as collapsed with others, the Department will assume that such companies continue to operate in the same manner and will collapse them for respondent selection purposes. Otherwise, the Department will not collapse companies for purposes of respondent selection. Parties are requested to (a) identify which companies subject to review previously were collapsed, and (b) provide a citation to the proceeding in which they were collapsed. Further, if companies are requested to complete the Quantity and Value Questionnaire for purposes of respondent selection, in general each company must report volume and value data separately for itself. Parties should not include data for any other party, even if they believe they should be treated as a single entity with that other party. If a company was collapsed with another company or companies in the most recently completed segment of this proceeding where the Department considered collapsing that entity, complete quantity and value data for that collapsed entity must be submitted.

**Deadline for Withdrawal of Request for Administrative Review**

Pursuant to 19 CFR 351.213(d)(1), a party that requests a review may withdraw that request within 90 days of the date of publication of the notice of initiation of the requested review. The regulation provides that the Department may extend this time if it is reasonable to do so. In order to provide parties additional certainty with respect to when the Department will exercise its discretion to extend this 90-day deadline, interested parties are advised that, with regard to reviews requested on the basis of anniversary months on or after January 2015, the Department does not intend to extend the 90-day deadline unless the requestor demonstrates that an extraordinary circumstance prevented it from submitting a timely withdrawal request. Determinations by the Department to extend the 90-day deadline will be made on a case-by-case basis.

The Department is providing this notice on its Web site, as well as in its “Opportunity to Request Administrative Review” notices, so that interested parties will be aware of the manner in which the Department intends to exercise its discretion in the future. **Opportunity to Request a Review:** Not later than the last day of January 2015, interested parties may request administrative review of the following orders, findings, or suspended investigations, with anniversary dates in January for the following periods:

In accordance with 19 CFR 351.213(b), an interested party as defined by section 771(9) of the Act may request in writing that the Secretary conduct an administrative review. For both antidumping and countervailing duty reviews, the interested party must specify the individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order or suspension agreement for which it is requesting a review. In addition, a domestic interested party or an interested party described in section 771(9)(B) of the Act must state why it desires the Secretary to review those particular producers or exporters. If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which was produced in more than one country of origin and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

---

1 Or the next business day, if the deadline falls on a weekend, federal holiday or any other day when the Department is closed.
Note that, for any party the Department was unable to locate in prior segments, the Department will not accept a request for an administrative review of that party absent new information as to the party’s location. Moreover, if the interested party who files a request for review is unable to locate the producer or exporter for which it requested the review, the interested party must provide an explanation of the attempts it made to locate the producer or exporter at the same time it files its request for review, in order for the Secretary to determine if the interested party’s attempts were reasonable, pursuant to 19 CFR 351.303(f)(3)(ii).

As explained in Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties, 68 FR 23954 (May 6, 2003), and Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties, 76 FR 65694 (October 24, 2011) the Department clarified its practice with respect to the collection of final antidumping duties on imports of merchandise where intermediate firms are involved. The public should be aware of this clarification in determining whether to request an administrative review of merchandise subject to antidumping findings and orders.3

Further, as explained in Antidumping Proceedings: Announcement of Change in Department Practice for Respondent Selection in Antidumping Duty Proceedings and Conditional Review of the Non-Market Economy Entity in NME Antidumping Duty Proceedings, 78 FR 65963 (November 4, 2013), the Department clarified its practice with regard to the conditional review of the non-market economy (NME) entity in administrative reviews of antidumping duty orders. The Department will no longer consider the NME entity as an exporter conditionally subject to administrative reviews. Accordingly, the NME entity will not be under review unless the Department specifically receives a request for, or self-initiates, a review of the NME entity.4 In administrative reviews of antidumping duty orders on merchandise from NME countries where a review of the NME entity has not been initiated, but where an individual exporter for which a review was initiated does not qualify for a separate rate, the Department will issue a final decision indicating that the company in question is part of the NME entity. However, in that situation, because no review of the NME entity was conducted, the NME entity’s entries were not subject to the review and the rate for the NME entity is not subject to change as a result of that review (although the rate for the individual exporter may change as a function of the finding that the exporter is part of the NME entity).

Following initiation of an antidumping administrative review when there is no review requested of the NME entity, the Department will instruct CBP to liquidate entries for all exporters not named in the initiation notice, including those that were suspended at the NME entity rate. All requests must be filed electronically in Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS") on the IA ACCESS Web site at http://iaaccess.trade.gov.4 Further, in accordance with 19 CFR 351.303(f)(1)(i), a copy of each request must be served on the petitioner and each exporter or producer specified in the request.

The Department will publish in the Federal Register a notice of “Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation” for requests received by the last day of January 2015. If the Department does not receive, by the last day of January 2015, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct CBP to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise entered, or withdrawn from warehouse, for consumption during the relevant provisional-measures “gap” period of the order, if such a gap period is applicable to the period of review.

This notice is not required by statute but is published as a service to the international trading community.

---

2 See also the Enforcement and Compliance Web site at http://trade.gov/enforcement/.
3 In accordance with 19 CFR 351.213(b)(11), parties should specify that they are requesting a review of entries from exporters comprising the entity, and to the extent possible, include the names of such exporters in their request.

Christian Marsh,
Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
