to require cash deposits equal to the amounts indicated below. These instructions suspending liquidation will remain in effect until further notice. Accordingly, effective on the date of publication of the ITC’s final affirmative injury determination, CBP will require, at the same time as importers would normally deposit estimated duties on this subject merchandise, cash deposits equal to the amounts indicated below:\footnote{See section 706(a)(1) of the Act.}

**Notifications to Interested Parties**

This notice constitutes the antidumping duty and countervailing duty orders with respect to certain solar products from the PRC pursuant to sections 736(a) and 706(a) of the Act. Interested parties can find an updated list of orders currently in effect by either visiting http://enforcement.trade.gov/stats/iastats1.html or by contacting the Department’s Central Records Unit, Room 7046 of the main Commerce Building.

These orders and the amended CVD Final Determination are published in accordance with sections 705(e), 706(a), 736(a), and 777(i)(1) of the Act and 19 CFR 351.210(c), on December 23, 2014, the Department published an affirmative final determination of sales at less than fair value (“LTFV”) in the investigation of certain solar products from Taiwan.\footnote{See Certain Crystalline Silicon Photovoltaic Products: Final Determination of Sales at Less Than Fair Value, 79 FR 70606 (December 23, 2014).}

On February 5, 2015, the ITC notified the Department of its affirmative determinations that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act by reason of LTFV imports of certain solar products from the People’s Republic of China and Taiwan.\footnote{See ITC Notification letter to the Deputy Assistant Secretary for Enforcement and Compliance referencing ITC Investigation Nos. 701–TA–311 and 731–TA–1246–1247 (Final).}

**Scope of the Order**

The merchandise covered by this order is crystalline silicon photovoltaic cells, and modules, laminates and/or panels consisting of crystalline silicon photovoltaic cells, whether or not partially or fully assembled into other products, including building integrated materials.

Subject merchandise includes crystalline silicon photovoltaic cells of thickness equal to or greater than 20 micrometers, having a p/n junction formed by any means, whether or not the cell has undergone other processing, including, but not limited to, cleaning, etching, coating, and/or addition of materials (including, but not limited to, metallization and conductor patterns) to collect and forward the electricity that is generated by the cell.

Modules, laminates, and panels produced in a third-country from cells produced in Taiwan are covered by this investigation. However, modules, laminates, and panels produced in Taiwan from cells produced in a third-country are not covered by this investigation.

**Background**

In accordance with sections 735(d) and 777(i)(1) of the Tariff Act of 1930, as amended (the “Act”) and 19 CFR 351.210(c), on December 23, 2014, the Department published an affirmative final determination of sales at less than fair value (“LTFV”) in the investigation of certain solar products from Taiwan.\footnote{See Certain Crystalline Silicon Photovoltaic Products: Final Determination of Sales at Less Than Fair Value, 79 FR 70606 (December 23, 2014).}

Further, also excluded from the scope of this investigation are any products covered by the existing antidumping and countervailing duty orders on crystalline silicon photovoltaic cells, whether or not assembled into modules, from the People’s Republic of China (“PRC”).\footnote{See Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People’s Republic of China: Amended Final Determination of Sales at Less Than Fair Value, and Antidumping Duty Order, 77 FR 73018 (December 7, 2012).}

**Certain Crystalline Silicon Photovoltaic Products From Taiwan: Antidumping Duty Order**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** Based on affirmative final determinations by the Department of Commerce (the “Department”) and the International Trade Commission (the “ITC”), the Department is issuing an antidumping duty (“AD”) order on certain crystalline silicon photovoltaic products (“certain solar products”) from Taiwan.

**DATES:** Effective Date: February 18, 2015.

**FOR FURTHER INFORMATION CONTACT:** Charles Riggle or Magd Zalok AD/CVD Operations, Enforcement and Compliance, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–0650 or (202) 482–4162.

**BILLING CODE 3510–DS–P**
Taiwan are materially injuring a U.S. industry, unliquidated entries of such merchandise from Taiwan, entered or withdrawn from warehouse, for consumption are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, the Department will direct U.S. Customs and Border Protection ("CBP") to assess, upon further instruction by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise, for all relevant entries of certain solar products from Taiwan. These antidumping duties will be assessed on unliquidated entries of certain solar products from Taiwan entered, or withdrawn from warehouse, for consumption on or after July 31, 2014, the date of publication of the preliminary determination, and which are subject to the scope of this Order, as described above. However, antidumping duties will not be assessed on entries occurring after the expiration of the provisional measures period and before publication of the ITC’s final injury determination as further described below.

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, we will instruct CBP to continue to suspend liquidation on all entries of certain solar products from Taiwan. These instructions suspending liquidation will remain in effect until further notice.

We will also instruct CBP to require cash deposits at rates equal to the estimated weighted-average dumping margins indicated below. Accordingly, effective on the date of publication of the ITC’s final affirmative injury determinations, CBP will require a cash deposit at rates equal to the estimated weighted-average dumping margins listed below.5 The rate for Taiwan, applies to all producers or exporters not specifically listed.

Provisional Measures

Section 733(d) of the Act states that instructions issued pursuant to an affirmative preliminary determination may not remain in effect for more than four months except where exporters representing a significant proportion of exports of the subject merchandise request the Department to extend that four-month period to no more than six months. At the request of exporters that account for a significant proportion of certain solar products from Taiwan, we extended the four-month period to no more than six months in this case.6 As stated above, in the investigation covering certain solar products from Taiwan, the Department published the preliminary determination on July 31, 2014. Therefore, the six-month period beginning on the date of publication of the preliminary determination ended on January 27, 2015. Furthermore, section 737(b) of the Act states that definitive duties are to begin on the date of publication of the ITC’s final injury determination.

Therefore, in accordance with section 733(d) of the Act and our practice, we will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of certain solar products from Taiwan, entered, or withdrawn from warehouse, for consumption on or after January 27, 2015, the date the provisional measures expired, until and through the day preceding the date of publication of the ITC’s final injury determination in the Federal Register. Suspension of liquidation resumes on the date of publication of the ITC’s final determination in the Federal Register.

Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, from the People’s Republic of China: Notice of Correction to Preliminary Results of Countervailing Duty Administrative Review; 2012 and Partial Rescission of Countervailing Duty Administrative Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Effective Date: February 18, 2015.

SUPPLEMENTARY INFORMATION:

On January 8, 2015, the Department of Commerce published in the Federal Register its notice of preliminary results and partial rescission for the countervailing duty administrative review of crystalline silicon photovoltaic cells, whether or not assembled into modules, from the People’s Republic of China for the period of review March 26, 2012, through December 31, 2012.1 Appendices to this notice, which listed companies for which the administrative review was rescinded and companies for which the administrative review would continue, inadvertently contained certain errors and omissions. Corrected versions of Appendix II, listing companies for which the review has been rescinded, and Appendix III, listing companies for which the review will continue, not selected for individual review, are attached to this notice.2
