

IMPORT ALLIANCE
FOR AMERICA

“Protectionism becomes
destructionism; it costs jobs”
- Ronald Reagan

OUR MISSION

To convince Congress to eliminate onerous retroactive liabilities imposed on U.S. importers, to adopt policies that require fairness in trade and a cost-benefit analysis on all involved companies to prevent/avoid cases being started that are unduly influenced by pressures and politicization of trade laws that cause discriminatory and/or protectionist actions and the collateral damage to U.S. industries resulting in the loss of jobs and inflation.
