Certain Hot-Rolled Steel Flat Products From Brazil, the Republic of Korea, and Turkey: Postponement of Preliminary Determinations in the Countervailing Duty Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* October 21, 2015.

FOR FURTHER INFORMATION CONTACT: Sergio Balbontin at (202) 482-6478 (Brazil); Katie Marksberry at (202) 482-7906 (Republic of Korea); Emily Halle at (202) 482-0176 (Turkey), AD/CVD Operations, Enforcement and Compliance, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On August 31, 2015, the Department of Commerce (the Department) initiated countervailing duty (CVD) investigations of imports of certain hot-rolled steel flat products (hot-rolled steel) from Brazil, the Republic of Korea (Korea), and Turkey.¹ The notice of initiation stated that, in accordance with section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.205(b)(1), we would issue our preliminary determinations no later than 65 days after the date of initiation, unless postponed. Currently, the preliminary determinations in these investigations are due no later than November 4, 2015.

Postponement of Preliminary Determinations

Section 703(c)(1)(B) of the Act permits the Department to postpone the time limit for the preliminary determination if it concludes that the parties concerned are cooperating and determines that the case is extraordinarily complicated by reason of the number and complexity of the transactions to be investigated or adjustments to be considered, the novelty of the issues presented, or the number of firms whose activities must be investigated, and additional time is necessary to make the preliminary determination. Under this section of the Act, the Department may postpone the preliminary determination until no later

than 130 days after the date on which the Department initiated the investigation.

The Department determines that the parties involved in these hot-rolled steel CVD investigations are cooperating, and that the investigations are extraordinarily complicated. Additional time is required to analyze the questionnaire responses and issue appropriate requests for clarification and additional information.

Therefore, in accordance with section 703(c)(1)(B) of the Act and 19 CFR 351.205(f)(1), the Department is postponing the time period for the preliminary determinations of these investigations by 65 days, to January 8, 2016. Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations will continue to be 75 days after the date of the preliminary determinations.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: October 15, 2015.

Assistant Secretary for Enforcement and Compliance.

Boltless Steel Shelving Units Prepackaged for Sale From the People's Republic of China: Amended Final Affirmative Countervailing Duty Determination and Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (the "Department") and the International Trade Commission ("ITC"), the Department is issuing a countervailing duty ("CVD") order on boltless steel shelving units prepackaged for sale ("boltless steel shelving") from the People's Republic of China (the "PRC"). Also, as explained in this notice, we are amending our *Final Determination*¹ to correct a ministerial error with respect to the CVD rate applied to companies that did not

DATES: *Effective date:* October 21, 2015.

FOR FURTHER INFORMATION CONTACT: Paul Walker, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: 202.482.2593.

SUPPLEMENTARY INFORMATION:

On August 26, 2015, the Department published the *Final Determination*. The period of investigation is January 1, 2013 through December 31, 2013. On August 24, 2015, Edsal Manufacturing Company, Inc. ("Petitioner") timely filed a ministerial error allegation.² On August 31, 2015, the Government of China ("GOC") filed rebuttal comments to Petitioner's Comments.³

On October 7, 2015, the ITC notified the Department of its final determination pursuant to section 705(d) of the Act that an industry in the United States is materially injured within the meaning of section 705(b)(1)(A)(i) of the Act by reason of subsidized imports of subject merchandise from the PRC.⁴

Scope of the Order

The scope of this investigation covers boltless steel shelving, with or without decks. The term "prepackaged for sale" means that, at a minimum, the steel vertical supports (*i.e.*, uprights and posts) and steel horizontal supports (*i.e.*, beams, braces) necessary to assemble a completed shelving unit (with or without decks) are packaged together for ultimate purchase by the end-user. The scope also includes add-on kits. Add-on kits include, but are not limited to, kits that allow the end-user to add an extension shelving unit onto an existing boltless steel shelving unit such that the extension and the original unit will share common frame elements (*e.g.*, two posts). The term "boltless" refers to steel shelving in which the vertical and horizontal supports forming the frame are assembled primarily without the use of nuts and bolts, or screws. The vertical and horizontal support members for boltless steel shelving are assembled by

methods such as, but not limited to, fitting a rivet, punched or cut tab, or other similar connector on one support into a hole, slot or similar receptacle on another support. The supports lock together to form the frame for the shelving unit, and provide the structural integrity of the shelving unit separate from the inclusion of any decking. The incidental use of nuts and bolts, or screws to add accessories, wall anchors, tie-bars or shelf supports does not remove the product from scope. Boltless steel shelving units may also come packaged as partially assembled, such as when two upright supports are welded together with front-to-back supports, or are otherwise connected, to form an end unit for the frame. The boltless steel shelving covered by this investigation may be commonly described as rivet shelving, welded frame shelving, slot and tab shelving, and punched rivet (quasi-rivet) shelving as well as by other trade names. The term "deck" refers to the shelf that sits on or fits into the horizontal supports (beams or braces) to provide the horizontal storage surface of the shelving unit.

The scope includes all boltless steel shelving meeting the description above, regardless of (1) vertical support or post type (including but not limited to open post, closed post and tubing); (2) horizontal support or beam/brace profile (including but not limited to Z-beam, C-beam, L-beam, step beam and cargo rack); (3) number of supports; (4) surface coating (including but not limited to paint, epoxy, powder coating, zinc and other metallic coating); (5) number of levels; (6) weight capacity; (7) shape (including but not limited to rectangular, square, and corner units); (8) decking material (including but not limited to wire decking, particle board, laminated board or no deck at all); or (9) the boltless method by which vertical and horizontal supports connect (including but not limited to keyhole and rivet, slot and tab, welded frame, punched rivet and clip).

Specifically excluded from the scope are:

- Wall-mounted shelving, defined as shelving that is hung on the wall and does not stand on, or transfer load to, the floor;⁵
- wire shelving units, which consist of shelves made from wire that incorporates both a wire deck and wire horizontal supports (taking the place of the horizontal beams and braces) into a single piece with tubular collars that

slide over the posts and onto plastic sleeves snapped on the posts to create the finished shelving unit;

- bulk-packed parts or components of boltless steel shelving units; and
- made-to-order shelving systems.

Subject boltless steel shelving enters the United States through Harmonized Tariff Schedule of the United States ("HTSUS") statistical subheadings 9403.20.0018, 9403.20.0020, 9403.20.0025, and 9403.20.0026, but may also enter through HTSUS 9403.10.0040. While HTSUS subheadings are provided for convenience and Customs purposes, the written description of the scope of this investigation is dispositive.

Ministerial Error Allegation and Amendment to the Final Affirmative CVD Determination

A ministerial error is defined as an error in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other similar type of unintentional error which the Secretary considers ministerial.⁶ Pursuant to 19 CFR 351.224(e) and (f), the Department is amending the *Final Determination* to reflect the correction of a ministerial error it made in the final margin assigned companies which did not respond to the Q&V questionnaire. As a result, we have revised the margin assigned to these companies.⁷

On August 24, 2015, Petitioner submitted a ministerial error allegation claiming that the Department made a ministerial error by assigning a rate of 80.45 percent to the companies which did not respond to the Q&V questionnaire, when it should have assigned the rate of 80.39 percent to these companies, as noted in the I&D Memo. The GOC agrees with Petitioner's allegation.

The Department reviewed the record and agrees that Petitioner's allegation constitutes a ministerial error within the meaning of 19 CFR 351.224(f). Pursuant to 19 CFR 351.224(f), the Department made an unintentional error by listing the incorrect rate assigned to companies which did not respond to the Q&V questionnaire, which constitutes a ministerial error.⁸ We have corrected this error in this notice.

⁵ The addition of a wall bracket or other device to attach otherwise freestanding subject merchandise to a wall does not meet the terms of this exclusion.

Countervailing Duty Order

In accordance with sections 705(b)(1)(A)(i) and 705(d) of the Act, the ITC has notified the Department of its final determination that the industry in the United States producing boltless steel shelves is materially injured by reason of subsidized imports of boltless steel shelves from the PRC. Therefore, in accordance with section 705(c)(2) and 706(a) of the Act, we are publishing this countervailing duty order.

As a result of the ITC's final determination, in accordance with section 706(a) of the Act, the Department will direct CBP to assess, upon further instruction by the Department, countervailing duties on unliquidated entries of boltless steel shelving from the PRC entered, or withdrawn from warehouse, for consumption on or after December 1, 2014, the date of publication of the *Preliminary Determination* in the **Federal Register**,⁹ and before May 30, 2015, the date on which the Department instructed CBP to discontinue the suspension of liquidation, in accordance with section 703(d) of the Act. Section 703(d) of the Act states that the suspension of liquidation pursuant to a preliminary determination may not remain in effect for more than four months. Entries of boltless steel shelving from the PRC made on or after May 30, 2015, and prior to the date of publication of the ITC's final determination in the **Federal Register**, are not liable for the assessment of countervailing duties, due to the Department's discontinuation, effective May 30, 2015, of the suspension of liquidation.

Suspension of Liquidation

In accordance with section 706 of the Act, the Department will direct CBP to reinstitute suspension of liquidation, effective on the date of publication of the ITC's notice of final determination in the **Federal Register**, and to assess, upon further instruction by the Department pursuant to section 706(a)(1) of the Act, countervailing duties for each entry of the subject merchandise in an amount based on the net countervailable subsidy rates for the subject merchandise. The Department will also direct CBP to require a cash

deposit for each entry of subject merchandise in an amount equal to the net countervailable subsidy rates listed below. The all-others rate applies to all producers and exporters of subject merchandise not specifically listed.

Schedule for Atlantic Shark Identification Workshop

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public workshop.

SUMMARY: NMFS published a notice on September 10, 2015, announcing the dates and locations of three Atlantic Shark Identification Workshops to be held during October through December of 2015. Attendance at an Atlantic Shark Identification Workshop is mandatory for all federally permitted Atlantic shark dealers in order to meet certain regulatory requirements and to maintain valid permits. Based upon recent analysis indicating the need for an additional workshop in the New York and southern New England area to accommodate shark dealers who purchase smooth dogfish, this notice announces a free Atlantic Shark Identification Workshop that will be conducted during December of 2015 in Bohemia, NY. Additional Atlantic Shark Identification Workshops will be conducted during 2016 and will be announced in a future notice.

DATES: The Atlantic Shark Identification workshop will be held on December 10, 2015. See **SUPPLEMENTARY INFORMATION** for further details.

ADDRESSES: The Atlantic Shark Identification Workshop will be held in Bohemia, NY. See **SUPPLEMENTARY INFORMATION** for further details on the workshop location.

FOR FURTHER INFORMATION CONTACT: Rick Pearson by phone: (727) 824-5399, or by fax: (727) 824-5398.

SUPPLEMENTARY INFORMATION: The complete workshop schedule, registration information, and a list of frequently asked questions regarding these workshops are posted on the Internet at: <http://www.nmfs.noaa.gov/sfa/hms/workshops/>.
